Dec. 26: Holiday Party

As we wrap up 2011, I would like to wish everyone a happy and healthy holiday season. I'm looking forward to a great 2012.

On October 10th we held our Donation Auction. We raised \$119 for the club and would like to thank everyone who donated items and bid on the items. I would also like to thank our auctioneer Steve for getting the most out of every lot.

After much debate by the officers and trustees we are not going to be raising dues this year. Dues will remain at \$12 if paid before January 1st and \$15 if paid after that date. We are in good financial shape but expenses are rising every year. We are scheduled to purchase the full set of 2013 Scott Catalogues next year. This is a huge expense, They currently retail for \$99.99 each. We get a good

discount from a local dealer but the price will probably go up again this year.

It's looking like the old circuit books will no longer be available after December. We will be using the APS Circuit books exclusively after that. This is my final plea to save the old circuit books. I need someone willing to take over this job from Phil. Please contact me if you are interested.

Our holiday party will take place on December 26th. Hopefully everyone can make it. The club provides sandwiches & salads. I hope everyone can bring something in to help facilitate the party. I will put a sign up list out at the

1st meeting in December. Feel free to bring guests. I'm looking forward to meeting everyone.

I am currently in the process of making the schedule for next year. It looks like the final meeting for 2012 would be Christmas Eve. I'm not sure how many members will be able to make that meeting or if I should just not schedule that date and have our holiday party on December 12th. I will talk about it at our next meeting. If you cannot attend the next meeting please email (if you have email) your response.

I have been going through our archives and hope to take pictures and scan some items of interest and post the images on our website and Facebook page.

Once again, Happy Holidays!!!
