Nov. 14, Nov. 28, Dec. 12, No Meeting Dec. 26

Nov. 14: Member Auction
Nov 28: Show & Tell
Dec. 12: Member Auction
Dec 26: No Meeting -
Library Closed (Schedule
change)

Once again, I have to apologize for the tardiness of this newsletter. Please read this newsletter in full as it does contain some very important information about schedule changes and dues.

I found out at our last meeting that the library will be closed on December 26th. Please do not show up that day. We have rescheduled our holiday party for January 23, 2017

At the Trustee meeting in October, we decided to keep the dues at \$15. \$12 if paid before January 1st. Since the December 26 meeting is cancelled we decided to extend the due date to February 1st to receive the discount.

I also found out that next year, the library is going to be having construction. We are not sure how this is going to affect us. The

library is not sure when the construction will start. The earliest would be May. Once I find out more, I will let you know.

The past couple of years we have had some great presentations by members and guest speakers. I would like to continue this into 2017. Lou will be giving us a presentation in February, I still need 3 more presentations. If you have a topic you would like to present please let me know.

I would like to thank everyone who participated in our Donation Auction in October.

I am still looking for someone to volunteer to become our Secretary. Last newsletter, I mentioned that Marc has

moved to Washington, DC. He does stop by every once in a while but can no longer provide his services consistently. Thanks to Diann for stepping in and doing double duty at our last trustee meeting.

I would like to remind the membership that we have APS Circuit Books at each meeting. Currently, they are not being used as much as we would like. Please remember that you can request specific collecting areas. Please let Jerry know what you are looking for. If we don't see more participation, we may have to cancel this value benefit to the club. The circuit books cost money to ship back to the APS and now the APS is tacking on a 5% buyers fee, which for now, the club will absorb. Currently, sales are not justifying the cost of mailing but we will hang in there a little longer.

I hope everyone has a great holiday season and a happy and healthy New Year
